## **Editorial Policy of the East District E-Alert:**

Because of the recent launch of a redesigned Eastern Pennsylvania Conference Website (<http://www.epaumc.org/>) which has a link, at the bottom of the Home Page, to a new East District website (<http://www.epaumc.org/districts/east/>; see article below), articles will appear for only one week, and, if pertinent, will be posted on the District web site. Previously published E-Alerts will be posted to the East District website.

The E-Alert is sent to Pastors and Church Offices on the East District and to lay people who have requested being added to the distribution list. Feel free to clip or copy any article for your church's bulletin or newsletter unless permission has specifically been granted to the East District for publication, in which case, request permission from the source. The District Office requests that pastors forward the E-Alert to church leaders and congregants who might find the E-Alert helpful and informative.

#### **UMCMarket.org GETS UPGRADE**

Nashville, TN – The General Council on Finance and Administration (GCFA) announced that the online shopping portal, UMCMarket, was relaunched on July 13<sup>th</sup> using more advanced technology and faster delivery of donations. Working with Tribute, Inc. the **relaunched** UMCMarket provides an enhanced user experience, quicker access to status reports, regular distribution of micro-donations, and the addition of hundreds of savings offers for participants.

Doug Spear, Tribute President, said “We are very excited to support GCFA’s vision for church members to have the ability to make micro-donations that benefit United Methodist church ministries. Tribute’s product platform is ideally suited to enable and enhance UMCmarket.org, and we look forward to providing a program that benefits the ministry of local churches.”

Moses Kumar, top executive for GCFA said, “When we launched UMCMarket in 2012, we were confident that the people of the Church who shop online would support and utilize it as an innovative way to raise funds for the ministries of local United Methodist churches. We have collaboratively worked with Tribute on this program that will help local churches make a difference in their communities with the funds that are raised.”

The look of the new site for micro-donations has changed, but the foundational functionality and benefits remain the same – United Methodists who shop the thousands of retailers available can generate donations to support their churches. Existing users will sign up to establish an account with the new provider and designate the ministry they choose to support. All users will be able to watch an overview video and review frequently asked questions prior to signing up. An online marketing toolkit is provided to help participating churches communicate the opportunity to their ministries, which includes how-to videos, PowerPoint slides, and bulletin inserts.

### **PRESSING ON TO THE GOAL IN OUR RACE TO END MALARIA**

Be sure to read Bishop Peggy Johnson's recent [Bishop's Blog appeal](#) for Eastern PA Conference churches to help The UMC reach its goal to raise \$75 million in the Imagine No Malaria campaign by 2016. That achievement may effectively wipe out the deadly disease that has taken so many lives, mostly in Africa.

"The Eastern PA Conference has given much toward this effort in the last 8 years," she writes, recalling that the original Nothing But Nets campaign launched in early 2007 was inspired by the efforts of a 6-year-old member of Hopewell UMC. So far we have raised \$66 million. "We are getting close," writes the bishop, citing many life-saving benefits so far, including distributing 2 million insecticide-treated mosquito nets, training 11,600 volunteers and reducing the infection rate by half. "And it seems only right that we here in the Eastern PA Conference should finish what we started.

"We will launch our new campaign this summer, and we ask that you and your church join us in fervent prayer," she urges. "We want full participation from all our districts, churches and mission connexions. Our conference can play a big role in helping our entire church push this effort across the finish line. Please give generously and think creatively about how you can raise the needed funds." [Learn more...](#)

## **MINISTRY OPPORTUNITY**

### **Bishop Johnson urges churches to honor the 25-year old ADA law**

July marks 25 years since the **Americans with Disabilities Act** became U.S. law in 1990. In her July 21<sup>st</sup> Bishop's Blog essay, Bishop Peggy Johnson recalls some major improvements the law brought to Deaf people during her pastorate at Christ UMC of the Deaf in Baltimore. "The ADA Law set Deaf people free," she writes. "One of the most important parts of the law was equal access to communication."

The bishop, whose passionate advocacy for people with disabilities is well known, celebrates the historic law's provision of accessibility for people with hearing, visual and mobility challenges, including more access to education, recreation, employment, and transportation.

"I urge you to find new ways every year to improve your church's accessibility--be it physical or attitudinal," she writes. "Your church can sign onto the new [Faith Community Proclamation](#) in honor of the 25th anniversary of the ADA law. The ADA website is a good place to make a commitment to continue the work of accessibility and advocacy; but there are additional resources available as well. The address is <http://www.adaanniversary.org>. [Read more of her Bishop's Blog essay...](#)
