

# **EAST DISTRICT E-ALERT FOR March 23, 2017**

## **Editorial Policy of the East District E-Alert:**

Generally, articles will appear for only one week, and, if pertinent, will be posted on the East District website (<http://www.epaumc.org/districts/east>). Or, if you are on the Eastern Pennsylvania Conference website (<http://www.epaumc.org>), there is a link to the East District website at the bottom of any page. Previously published E-Alerts will be posted to the East District website.

This E-Alert is sent to Pastors and Church Offices on the East District and to lay people who have requested being added to the distribution list. Feel free to clip or copy any article for your church's bulletin or newsletter unless permission has specifically been granted to the East District for publication, in which case, request permission from the source. The District Office requests that pastors forward the E-Alert to church leaders and congregants who might find the E-Alert helpful and informative.

## **COVENANT BIBLE STUDY GRANT MONEY AVAILABLE**

The East District has been aware of the availability of grant money for an initial kit for the new **Covenant Bible Study**, a publication of Abingdon Press. **Covenant** is a 24-week, in-depth group Bible Study in which participants read and discuss the Bible together, learning how to love God – and others – better. Emphasizing the Biblical concept of covenant as a pattern throughout the entire Bible, the study underscores the unique relationship that God chooses with God's people. Covering both Testaments, the program is broken up into three eight-week modules, each dealing with a different aspect of what covenant means: Creating, Living, Trusting. Visit [www.CovenantBibleStudy.com](http://www.CovenantBibleStudy.com) for resources to help start and lead a group. While there, hear from people about how Covenant is already changing their groups and churches. If you are interested in receiving a grant for an initial kit, email the East District office at [cakrall@epaumc.org](mailto:cakrall@epaumc.org).

## **SAVE THE DATE**

Save the date of **Sunday, May 21** for the East District Conference in the afternoon. The exact time and location is still to be determined. *Stay tuned for more information.*

## **BUILDING AN EFFECTIVE WEBSITE FOR YOUR CHURCH**

**A message to Pastors and Church Communicators:**

*"If you build it they will come..."*

Eastern PA Conference Communications will partner with United Methodist Communications (UMCom) to offer a **6-hour workshop in building church websites in WordPress on Friday and Saturday, May 5 and 6.**

We will offer this training twice, if we can draw enough registrants, on Friday and Saturday, from **8:30 am to 3 pm**. At this time, the training locations are still being arranged. However, only **up to 30 people** for each intensive session can be accommodated; so space is limited. All who are interested should **REGISTER ONLINE** as soon as possible. **The absolute deadline to register is April 3.** Sorry, but registrants after that date cannot be accepted due to advance preparations needed for the training event. **The cost is \$30 per person, which must be paid in advance.**

This workshop is for lay and clergy members, preferably in teams, who have the important responsibility or desire to build and manage their church websites, including those who want to create new and improved church websites.

A congregation with a quality website can reach beyond its front door to **inform** its community and the world about its life and faith, ministries and concerns. It can also **inspire** others to come visit and get **involved**. Indeed, your church's website is its virtual front door, allowing you to **invite** people from near and far to peek inside and then come get a closer look.

UMCom will also offer participating churches **free services** for one year through Website Development Grants:

- **Free website hosting and free online support for one year.**
- **Free domain-name registration for one year.**
- **Free WordPress online training through UMCom.**
- **Free pre-designed templates for easy development of your new website**
