

A FUTURE IN MINISTRY?

Seeking vocational interns and churches to mentor them

Vocational Internship Program 2018

Board of Ordained Ministry

The Vocational Intern Program of the Eastern PA Conference seeks interested college-level adults to benefit from paid ministerial internships. We are also looking for local churches and Mission ConneXions to support those interns, as they try to discern a call to ministry and/or gain valuable learning and experience working within church settings.

Gain valuable ministry experience

Help build new or sustain existing communities

Financial support while you learn

**Application Deadline:
May 18, 2018**

For this reason I remind you to fan into flame the gift of God, which is in you through the laying on of my hands.
-- 2 Timothy 1:6 (ESV)

The Vocational Internship Program was for me a key factor in discerning a call to the ordained ministry. Over 30 years later, I look back on those days when local churches of our annual conference gave me the opportunity to “spread my wings”

by giving me room to explore my gifts and calling for service. I have enjoyed making that same experience available to others looking for room to grow in grace as they explore the call. -- Rev. William Lentz

Eastern Pennsylvania Conference
The United Methodist Church
