NATIVE CRISIS: Missing and Murdered Indigenous Women and Girls

Come watch a video interview with Annita Lucchesi who has created the only national database to track abducted and killed Native American women and then see her illustrated report.

Native women are missing 3 times: in life, in the media and in the data.

As an added bonus we will give you access to a dynamic new tool for those serious about advocating for Native Americans:

Reclaiming Native Truth

Please join us and bring a friend!

April 28, 2019 at 4:00 pm

A light supper will follow worship
