Rhythms of Grace

spiritual retreat

Sponsored by the EPA Cabinet and Leadership Development Team

Led by the Rev. Sara Davis-Shappell, director of Spiritual Renewal Ministries

The practice of ministry is particularly exhausting in an era of Covid recovery, denominational tension, and increasing resistance from a secular culture. Refresh and re-center during a day of quiet time with colleagues, the beautiful creation, and our loving God. Our day will culminate in a celebration of eucharist. This event is **FREE** in appreciation for what our pastors do, and in acknowledgement of the stressors of the practice. But, registration is strongly requested (and please, honor your registration).
