Increase donation consistency at your church

The UM EFT (United Methodist Electronic Funds Transfer) Program allows contributions to be electronically transferred from member bank accounts and deposited into the church bank account on a steady, uninterrupted basis. This service provides convenience for members and much-needed donation consistency for the church. It also helps the church free up staff time and reduce administrative costs. UM EFT is easy to get started, easy to maintain and integrates with many popular church management software programs.

With direct debit giving, contributions arrive in the church's bank account on a consistent basis, uninterrupted by vacation and other commitments.

UM EFT Benefits

✔ Increases overall donations

✔ Minimizes seasonal donation slump

✔ Saves the church staff time

✔ Improves data security

✔ Provides convenience for members

✔ Makes it easy for members to fulfill stewardship commitments

UM EFT Program Charges

Per Transaction Fee	$ 0.25
One-Time Authorization Fee (Per Member)	$ 0.50

Testimonials

"Plainfield United Methodist Church has been using Vanco for EFT giving for several years now. EFT giving is a real blessing for the church. With EFT we are assured of regular / consistent giving even when people are on vacation or just take a few weeks off from worship. Vanco is a great company to work with – they are responsive to client requests and are available to help with training as needed. The reports that they provide are easy to read and their turn-around time on additions and changes to accounts is excellent. My prayer would be that all members would sign up for EFT giving."

Plainfield United Methodist Church
Plainfield, IL

"We've been using Vanco's services for more than four years and we've found that the program has successfully met all of our expectations. Vanco made the implementation smooth and is always readily available to answer any questions or provide any needed information. I can say with confidence that we can count on accurate and consistent reporting in an easy to use format. The predictable flow of deposits each month is very helpful for budgeting, especially in these financially challenging times. The cost of the service is minimal and it has made life a little easier for those parishioners participating in the program. I would strongly recommend any church considering this program to give it a try! You will not be sorry!"

About Vanco Services, LLC

Vanco Services, LLC is endorsed by the GCFA of the United Methodist Church as a partner in offering electronic giving services. Vanco currently works with more than 11,000 churches and nonprofit organizations. Vanco offers several web-based electronic giving solutions under the *e.service*® brand that may be deployed as a comprehensive suite or implemented individually to meet specific needs.

Proprietary Technologies and Systems

More than a payment processor, Vanco Services develops and supports a robust set of secure, scalable web-based solutions that are used by all Vanco clients and staff members. These visionary technologies and systems contribute to the outstanding reputation Vanco enjoys among many of the largest financial institutions and financial services companies in the nation.

Online Service Center

Clients manage all transaction activity and reporting through Vanco's online Service Center. The Service Center is secure, easy to use, and available to clients 24/7 from any computer with Internet access.

Live Support and Service

Exceptional client service is a hallmark of the Vanco experience. All Vanco solutions include live, one-on-one telephone training and free ongoing support. There are no telephone menus. All calls are answered live by client service staff members.

Security and Confidentiality

Vanco Services is a PCI (Payment Card Industry) Level 1 Compliant Service Provider. The Payment Card Industry—an organization that includes Visa, MasterCard, American Express and Discover—requires that Vanco, and other large volume credit and debit card processors, adhere to a rigorous set of security standards and undergo comprehensive onsite assessments by independent auditors on a regular basis. While PCI Level 1 standards were developed specifically for payment card processors, Vanco has taken the extraordinary step of implementing strict PCI standards across all of its payment solutions. In addition, Vanco undergoes an annual SAS 70 audit.

Vanco is dedicated to protecting the personal information and privacy of its clients and their customers. Security and confidentiality are central to every decision. View Vanco's complete Privacy and Security Policy at ElectronicDonations/UMEFT.
